

policy, systems and environmental changes

votes/comments

1. The SUSFC shall **establish Food Recovery Network** to increase efficiency and improve collaboration. Partners could include Food Runners, food banks, pantries, restaurants, Wholesale Produce Market, etc.
2. The SUSFC shall **support efforts to expand equitable access to community gardens and farms** so that all SF residents live within “x” distance of a community garden.
3. The SUSFC shall **support opportunities that increase access to food voucher programs** (Eat SF, Market Match, Double Up Food Bucks).
4. The SUSFC shall ensure that partners who serve meals adhere to nutrition standards that minimally meet USDA standards and support **opportunities to improve USDA standards**.
5. The SUSFC shall support efforts to **increase equitable food access in pricing, availability and distribution** in local markets by:
 - A. Supporting the establishment of local grocers/farmers markets in areas that are food insecure
 - B. Making strategic connections with local food producers, distributors, processors and retailers to support a local economy
6. The SUSFC shall **recommend and promote the need for more and sustainable funding** to develop and promote healthy corner stores, community led retail, and HealthyRetailSF and expand Healthy Corner Store incentives.

awareness, education and promotion

votes/comments

1. The SUSFC shall **plan, implement, and evaluate a large-scale campaign** to increase access to healthy foods/ beverages. Coordinate education campaigns/programming to leverage resources and avoid duplication
2. The SUSFC shall **support efforts to use city-owned ad space (MUNI, Bus Shelters, etc.) for health campaigns**.
Ex. X% should go to the city for public use and subsidize/provide cheap/free advertising for community messages.

assessment, evaluation and technical assistance

votes/comments

1. The SUSFC shall provide **technical assistance for healthy vending guidelines and implementation**
2. The SUSFC shall **support SFUSD’s Wellness Policy implementation**.
3. The SUSFC shall **support SFUSD’s efforts to develop student-led access programming**.
Ex. peer leaders for implementation of wellness policy
4. The SUSFC shall **research and develop best practices/standards for what can be advertised** to decrease advertising of junk food/unhealthy behaviors and provide more “equal time” for health promoting messages.
5. The SUSFC shall **strengthen peer leadership** by building capacity for partners to increase community based food justice leaders (AKA Food Guardian)
